# INTRO DUCTION

**WE ARE A COMPANY THAT HAVE THE BIG DREAM AND VISION TO MAKE BETTER SERVICES TO OUR CUSTOMERS.**

Our company (GSGC) was established in 2018 and registered as Contracting LLC and our Parent company is FAST and Safe Trading LLC which was established in Dubai in Year 2013 and we have joint venture with Seismic Contracting Company in Saudi Arabia.

We have grown significantly since our inception with strong fundamentals and achieved our goals within a stipulated time through our continuous uncompromising integrity, dedication and honesty. Now we are one of the leading traders in Seismic and Geophysical items (as Fast and Safe Trading LLC) and GSGC are one of the best contractors of Seismic field as we are effectively participating for project works which includes, Mechanical, Electrical instrumentation and Telecommunication, Lifting, Hardware, Hydraulic as well as road marking etc. We are based in Abu Dhabi (UAE).

The company has a complete professional management, highly qualified, motivated and experienced staff to cope with the fast development of the country and it is a testimony to the integrity and dedication of its management and workers to provide quality work and services. In brief, our experience and capabilities include special and technical supplies to SEISMIC / GEOPHYSICAL companies, general trading (civil, mechanical, electrical supply) and contracting (Gypsum works, interior fit-outs, flooring, tile fixing, falls ceilings, networking, interior /exterior electrical works, sand ballasting) as well as road marking, interlocking with epoxy flooring works etc .

# OUR JOURNEY

It was the year of 1995 when we established the business of general trading and contracting Hamad Ali Al Yami in Kingdom of Saudi Arabia .

Then we established our identity through excellent framework and we brought our business set up called Fast & Safe Trading LLC in Dubai, UAE in year 2013 (for general trading). In the year of 2020, we extended our business by establishingournewcompanycalledseismicgemer contracting company in The Kingdom of Saudi Arabia for road marking & contracting and general. Our company Gulf Seismic General Contracting & Road marking was established and registered as Contracting LLC in Abu Dhabi, UAE in 2018 for oil field, for man power work and road marking.

- ARGAS (Saudi Arabia)

# VISION & MISSION

**THE MANAGEMENT COMMITTEE OF THE ORGANISATION HAS THE RESPONSIBILITY FOR BOTH ESTABLISHING AND PROTECTING THE OVERARCHING PURPOSE, FUNDAMENTAL VALUES AND ETHICAL PRINCIPLES WHICH GOVERN THE ACTIVITIES OF THE ORGANIZATION.**

## Our Mission

The mission of Gulf Seismic is to provide our customers the best quality material and services, which make them feel obliged and honored and our customers would proudly recommend us (GSGC) to other customers/ clients. We provide services / material with a dedication to the highest quality of our customer's satisfaction.

## Our Vision

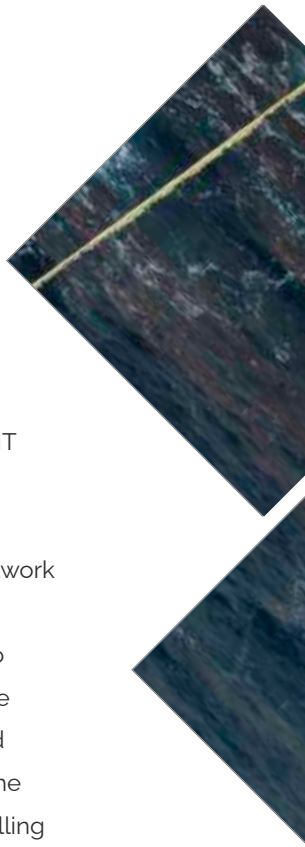

Our vision is to be the best supplier/contractor of today's industrial field. We earn our customers enthusiasm and trust through immediate and in-time deliveries/services driven by care, integrity and teamwork.

# OUR BEST SERVICES

01

## ROAD MARKING SERVICES

With over 7 years of experience in the industry, we have established ourselves as one of the best road marking contractors, using the latest technology and finest materials, our team provides quality assured road markings for a service which is second-to-none. Delivering excellent customer service is at the forefront of our company, which is why we offer a comprehensive list of services, including road marking, road repainting, epoxy flooring, safety sign boards and many more. All of our work is fully guaranteed and we as a company always make sure that you are happy with the completed work before we leave. We undertake all types of marking work from small one-off car parks to contracts that require regular work.

02

## SEISMIC FEILD SUPPLIES

We provide you a complete Solution in EQUIPMENT & CONSUMABLES SUPPLIES for your all Seismic Exploration Projects. It is this primary consideration which has initiated the firm to develop a strong network in introducing the HI-TECH & STATE-OF-THE-ART Systems / Equipment / Components & Services to assist, boost and develop the existing infrastructure of many seismic field industries in Saudi Arabia and UAE. Gulf Seismic is fully capable and strongly in the position to meet the demands of allied Seismic Drilling Equipment / accessories and consumable for your entire project(s)

03

## TECHNICAL SUPPLIES

We are proud to be one of the leaders in support services and as manpower suppliers in the seismic industry, specifically in the exploration phases, providing technical, mechanical, electrical and all other services which need manpower. We have been involved in exploration, seismic operations in particular, for more than 7 years now. We have witnessed how the industry grow and changes throughout the years in terms of various operational implementations and improvements in safety standards.

"THE SECRET OF BUSINESS IS TO KNOW SOMETHING THAT NOBODY ELSE KNOWS"

# OUR QUAILITY PLOCIY

## QUALITY POLICY

1. To ensure that approved methods and procedures are in place.
2. To minimize the wastage during the production processes.
3. To ensure that safety of the personnel and facilities.
4. To comply with international standards while planning and executing the customer's projects.
5. To ensure that quality requirements shall be determined and satisfied at all phases of the production till the delivery to the customers.
6. To ensure that inspection and audits are conducted during the entire process till the delivery of the projects.
7. To ensure prompt detection of deficiencies and undertaking corrective actions in a timely manner.

GSGC management is fully committed towards excellence in Seismic works as well as in Road marking by reducing waste prevention and ensuring the safety of employees, visitors and community at large.

The management and staff of Gulf Seismic Road marking are committed to:

» Processing of waste materials by adopting good and safe waste management practices.
» Operating at all times in all areas in an environmentally friendly manner
» Ensuring occupational health and safety in all areas at all times.
» Reducing waste and preventing pollution.
» Continually improving QHSE and training of staff.
» Participation and consultation of workers at all levels in incident investigation and risk assessment.
» To Comply with all applicable legal and regulatory requirements.
» To comply with national and international standards that we subscribe to.

These commitments shall be achieved by:

- Establishing and maintaining a documented quality, health, safety and environmental management system (QHSE) that will meet international standards.
- Ensuring procedures, programs and guidelines are in place to support the QHSE.
- Communicating the company's QHSE policy and objectives to relevant parties including its employees and clients.
- Ensuring line management commitments to the QHSE.

# OUR HEALTH & SAFETY

## LIST OF MATERIAC & SUPPLIED AND SERVICES

- ✓ Heavy duty cat eye
- ✓ Uni- Direction stud
- ✓ Bi- Direction stud
- ✓ RPM reflective face
- ✓ Prismatic Cat Eye
- ✓ Glass beads
- ✓ Fixing material
- ✓ Epoxy
- ✓ Chem button
- ✓ Ebond Epoxy (A+B)
- ✓ Barriers
- ✓ Euro barriers
- ✓ Moveable crash barriers

Thermoplastic Road Marking by Machine and Hand Marking

- MMA Cold Plastic Road Marking
- Acrylic Road Marking System
- Airport Runway Marking
- Kerb Stone Painting with Spraying Machines
- Epoxy Coating
- Road Stud Fixing
- Sandblasting

# OUR BEST SERVICES

## AIRPORT & RUNWAY MARKING

Runway, Taxi way and Aprons with Alkyd Base cold paint are designed for smooth landing as well as take-off without affecting the aircraft's mechanical operations.

## THERMO PLASTIC ROAD MARKING

Designed to provide clear delineation and to warn of potential hazards, road markings are an essential element for road users. Thermoplastic is a hot-applied road marking compound for the creation of highly reflective strips of roads with long-term performance

## ACRYLIC ROAD MARKING SYSTEM

The paint is based on special acrylic resins to score over conventional Road Marking Paints in terms of superior weather and wear resistance. Solvent Based Alkyd is a single component, quick drying, high build and modified alkyd polymer. Road & line marking paints are designed to be used on Asphalt/Tarmac, Bituminous road surfaces and concrete as well as on interlocking tiles surfaces.

# OUR BEST SERVICES

## MMA COLD PLASTIC ROAD MARKING

characterized by high durability, low abrasion and low dirt adhesion

## SAND BLASTING

Sand Blasting is an Environment friendly cleaning and blasting technique for removal of road markings that uses copper slags and high pressurized air.

## EPOXY MARKING & COATING SYSTEM

Epoxy floor coatings are normally applied over concrete floors to provide a high performance, smooth and durable surface that can last many years or withstand heavy loads.

# OUR BEST SERVICES

## ROAD STUDS INSTALLATION

Reflective road studs provide most effective night guidance even under the most adverse weather conditions. Road Studs can be reflective, nonreflective or solar powered and can be surface mounted.

## OUR EQUIPMENTS

- ROAD MARKING THERMOPLASTIC SPRAY MACHINE
- AIR COMPRESSOR
- THERMOPLASTIC BOILER TRUCK MOUNTED
- ROAD MARKING COLD PAINT SPRAY MACHINE
- FLOOR GRINDING MACHINE
- FLOOR JET WASHING MACHINE
